WORKSHOPS

Azure Infrastructure as a Service

Certificate issued by Microsoft to prove abilities in Exchange online Administration and Configuration

Azure Software as a Service

Certificate issued by Microsoft to prove abilities in using enterprise cloud softwares as a service, case study was Azure SaaS for the National Social Security Fund (NSSF) Uganda.

Africa Block Chain Conference

A talk on Blockchain technology, preparing Africa for the 4th industrial revolution.

I was part of the team that represented Makerere University in that event held on July 3rd - 4th, 2019 at Kampala Serena Hotel.

Online Classes

It is important for me to stay up to date with the newest topics in the field of Computing. In DevOps it is also important to have a general overview and a hands-on experience on them. Therefore, besides intense article studies, I also keep myself up to date with online classes.

REFEREES

My business partners, professional and social friends.
